Integrated Innovation Across Battery, Energy Storage & Mobility

The world's leading battery and energy exhibition, The Battery Show made its electrifying Asian debut in 2025, attracting **17,893 buyers** from **132 countries and regions**, with nearly 60% from outside mainland China. Alongside **314 global exhibitors** across 4 co-located events, 2025 edition created a powerful platform for breakthrough technologies and international collaboration.

In 2026, the show returns to **AsiaWorld-Expo, Hong Kong (March 10-12)**, welcoming **20,000+** policymakers, innovators, engineers, manufacturers, and thought leaders for three days of immersive networking and cutting-edge showcases.

Co-located with **Energy Storage Asia** and **Mobility Tech Asia**, the show offers unparalleled access to new markets, cross-sector synergies, and high-value partnerships across the global energy and mobility value chain.

22,000+m²

Exhibition Space

350+

World-Class Exhibitors

20,000+

International Visitors

150+

Speakers

Event Highlights

Celebrating 15 Years of Global Brand Legacy
Connecting buyers in **batteries, energy storage, and mobility** industry

A Truly Global Event
65% of speakers and buyers from outside China
Covering **all major markets**

150+ conference sessions and dialogues
Focus on **latest policy trends** and **cutting-edge technologies**

3 Co-located Events
Driving collaboration and partnerships across the entire value chain

Targeted Networking
100+ buyer delegations from **governments, industry organizations, and leading companies** from across the globe

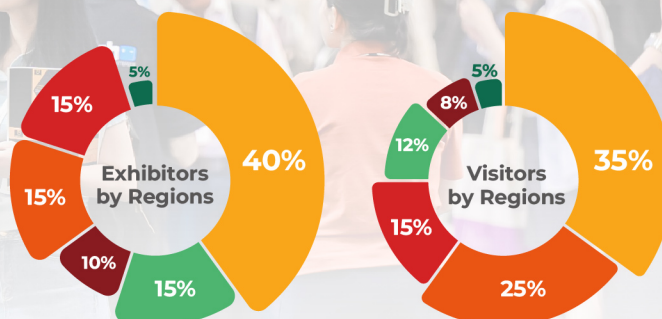

Decision-maker Access
65% of attendees are senior-level, creating unmatched business opportunities

Global Media Coverage
100+ international renowned media partners
50M+ multi-platform exposure

The Leading International Meeting Place

Bringing together exhibitors and visitors from around the globe.

Who Should Exhibit

The Battery Show Asia	Energy Storage Asia	Mobility Tech Asia
- Advanced Battery Products & Technology - Battery Design & Development - Battery Manufacturing & Supply Chain - Equipment, Testing & Digitalization - Battery Recycling	- Energy Storage Technologies & Equipment - Energy Storage System & Engineering - New Power System & Other Energy Sources - Energy Storage Batteries & Management System	- Charging & Battery Swapping Equipment and Infrastructure - EV/HV Technologies, Components and Solutions - Hydrogen & Fuel Cell Technologies - Software & Tool Chain - New Energy Mobility Key Technologies and OEM/ODM

Who Will You Connect With?

Meet Industry Leaders and Buyers from These Fields

- Battery Manufacturers - Battery Assembler/Battery Pack Integrator - Key Battery Components - Electric/Hybrid Passenger & Commercial Vehicle Manufactures - New Energy Mobility (E2W/EVTOL/E-Boat, etc.) Manufacturers - Tier-1 Suppliers of New Energy Transportation - Fuel Cell Stacks & Systems Manufacturer - Infrastructure & Transportation Operators - Power System & Operators - Commercial & Industrial Energy Storage and System Integrators	- Residential Energy Storage & Distributed Energy Resources Buyers - Electric/Hybrid Power System Integrators - Energy Storage & Energy Storage System Integrators - E-mobility Charging Infrastructure & Smart Grid - Ports, Ship Routes and Other Marine Operators - Influential Distributors - Engineering Consultancy - Academic/R&D/Industrial Organization - Government Representatives - Consultancy/Investment/Media

The Battery Show Asia 2025 Featured Buyers Delegations

2026 Conference Highlights

Building a High-level Platform for Knowledge-sharing, Technology Exchange and Business Collaboration

150+

Global thought leaders and industry experts

1,000+

High-level delegates from core industrial departments

65%

International speakers and delegates from international markets

Covering Trending Industry Topics

 Battery	- Advanced battery R&D and manufacturing technologies - Battery safety and sustainable development - Next-generation battery technologies Energy Storage
 Energy Storage	- Innovative energy storage technologies and solutions - Energy storage system integration, safe operation & maintenance, and applications
 New Energy Mobility	- Charging & battery swapping technologies and ecosystem - Hydrogen & fuel cell technologies
 Market & Investment	- Market analysis of key global markets (Europe, North America, Japan, South Korea, Southeast Asia, etc.) - Investment trends

Global Featured Attendees

	DAIMLER TRUCK								JLR
									
	PowerCo								BORGWARNER
									
									
									
									

Exclusive Networking Opportunities

 VIP Cocktail Reception		 VIP Gala Dinner	
 Industry Leader Closed-door Meeting		 CXO Closed-door Lunch

Boost Your Business with Us in 2026

Booth Type & Investment

Shell Scheme-Standard (Min. 9sqm)

Space	1 Open Side	2 Open Sides
9sqm	US\$5,150	US\$5,447
12sqm	US\$6,800	US\$7,196

Raw Space (Min. 18sqm)

Space	3 Open Sides	4 Open Sides
36sqm	US\$20,000	US\$21,440
54sqm	US\$29,900	US\$32,060
Others	US\$550/sqm	US\$590/sqm

Shell Scheme-Premium (Min. 18sqm)

Space	2 Open Sides	3 Open Sides
18sqm	US\$11,648	US\$12,080

Enjoy upgraded legend at an additional cost of only US\$50 per sqm!

- Higher stand (from 2.5m to 3m)
- 3m x 2.5m Intelligent Light Box x2 for brand promotion (artwork provided by exhibitor, production produced by Organizer)
- Better stand structure and design
- Higher Information Counter (from 0.75m to 1m)

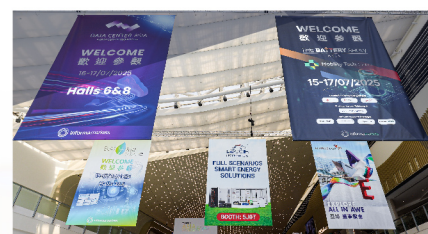

Featured Sponsorship Opportunities

Tech Tracks Sponsored Sessions
US\$6,000 per 20-minute Sponsored Session
US\$25,000 per half-day Sponsored Session

Badge & Lanyard Sponsor **Exclusive**
Badge: US\$10,000
Lanyard: US\$14,500

Double-sided Hanging Banner @East Lobby
US\$20,000/each
